Dear Friend,

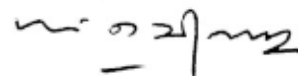

Let me hope that you would have been aware of the formation of OICC (Overseas Indian's Cultural Congress) for the benefit of all our fellow men abroad. In spite of the formation of such an overseas unit for the party it is very much seen that the congress supporters are engaged in various other organizations. This greatly weakens the party and our cause. Therefore the KPCC has decided to strengthen the party by ensuring the participation of our dear ones abroad. And for the same the OICC will have to be strengthened with the active support and membership of all like-minded congress men abroad. We are also working towards the formation of a new constitution for OICC and towards the reinforcement of its leadership. We are inviting applications from Indian Nationals living in the UAE and around willing to come to the forefront to render service to the party.

Shri. Vayalar Ravi, the Cabinet Minister for Overseas Indian Affairs, Shri. Sashi Tharoor, the Cabinet minister of State for External Affairs and Shri. Oommen Chandy, Leader of Opposition have kindly consented to join me in a meeting here in Thiruvananthapuram on 29<sup>th</sup> and 30<sup>th</sup> January 2010. For the effective execution of the strengthening drive we will have to ensure maximum participation for the meeting. On having received this letter I request you to forward me a list of like-minded people living in your vicinity who are likely to attend the meeting either by post or via e-mail.

Looking forward to your enthusiastic participation and wholehearted co-operation.

With warm festive greetings,

Yours,

**Ramesh Chennithala**
